POP. Zero & Ichii -ENCOUNTER-

I really like this freetitled Slice. It was October when it appeared in Nakayoshi, it's Followsall 43. I had various mixed-up feelings regarding it, but I tried my best... The weather people in the front left is supposed to scare away ghosts... Inched. The story contents have suddenly developed into something serious, and in all freetitles, I was incredibly nervous as I wasn't sure if the readers would like it. However, the editor said 'Even if the readers don't say that this chapter is 'popular,' I think it will be good as long as the quality of the work (story) increases,' and I was very grateful that he accepted it.

In the first volume I told the readers about my project to illustrate requests that they send in, and I've received tons of requests!! Thank you so much, everyone. ♪ I'm so happy~ ♪ Among them there was an overwhelming number that read along the lines of "Hina is a wedding dress + Ichu & Eren is husband" Marriage is what all girls all over the world long for, isn't it? I think Hina looks good in the shorter skirt~

Pop & Translation Notes

It's a jam, nothing really, is
just some pictures (PIC).

I had a lot of trouble
translating the side manga on
page 105, but I think I still
got the right idea across.
Other than that, there really
weren't anything to add. It's
Zan's super-cute and I think I
prefer him as an icon lol.
